1 Revision History

Rev	Date	Description	Author
1.0	22-Jul-2022	Initial draft	Camera Products team
1.1	11-Jan-2023	Sensor format changed from 1/2" to 1/1.7"	Camera Products team
1.2	08-Jan-2024	Updated web and e-mail in the first page	Camera Products team

2 Introduction

NileCAM81_CUOAGX is an HDR, 8 MP custom lens camera module based on 1/1.7" AR0821 CMOS image sensor from onsemi™. It is a color camera which supports UYVY image format and provided with S-mount (also known as M12 board lens) lens holder. The S-mount is small form-factor lens mounts for board cameras. e-con Systems provides the sample applications that demonstrates the features of this camera. However, this camera can also be utilized by any V4L2 application.

This document describes the optical specification of lens used in NileCAM81_CUOAGX.

3 Disclaimer
