Introduction to e-CAM82_CUOAGX

e-con Systems is a leading Embedded Product Design Services Company which specializes in advanced camera solutions. e-CAM82_CUOAGX is a new MIPI camera board which helps to connect one or four IMX485 camera modules in 4-lane mode one or six IMX485 camera modules in 2-lane mode (in Jetson Xavier™ and Jetson Orin™).

e-CAM82_CUOAGX has a MIPI camera and it requires a custom driver for the Jetson AGX Xavier™/ Orin™ development kit. e-con Systems provides the prebuilt driver for this camera along with the camera board. The sample application, eCAM_argus_camera provided by e-con Systems is used for demonstrating some of the features of this camera.

This document explains about the directory structure and contents of the release package for Jetson AGX Xavier™/ Orin™ development kit.

Package Manifest

This section describes the detailed information of package manifest.

The below table lists the top-level directories and files that are created when you expand the e-

CAM82_CUOAGX_JETSON_XAVIER_ORIN_<L4T_version>_<release_date>_<release_version>.tar.gz file from release package of File Transfer Protocol (FTP).

Table 1: Package Manifest Directories and its Descriptions

Directory	Description
Application/	Directory containing application source code and dependencies.
Kernel/	Directory containing kernel, dtb and module patch files for e-CAM82_CUOAGX
misc/	Directory containing miscellaneous files that supports e-CAM82_CUOAGX
e-CAM82_CUOAGX_<L4T_version>_<Jetpack_version>_JETSON-XAVIER-ORIN_<release_version>.tar.gz	Compressed archive containing required binaries for updating Jetson™ Orin/Xavier.
install_binaries.sh	Install script for installing prebuilt kernel, application binaries and miscellaneous on the Jetson™ Orin/Xavier development kit.
release_integrity.md5	Encrypted file containing the md5sum of the e-CAM82_CUOAGX archive.

Overview of Package Manifest Directory

This section describes the detailed information about each directory of the release package.

Application

The below table lists the directories containing the application executable files and source code required for e-CAM82_CUOAGX camera on the Jetson AGX Xavier™/Orin™ development kit.

Table 2: Application Directories and its Descriptions

Directory	Description
eCAM_argus_camera/Source/eCAM_argus_camera.tar.gz	Archive file containing the eCAM_argus_camera source code for Jetson AGX Xavier™/Orin™.

Kernel

The below table lists the directories containing the kernel prebuilt kernel Image file and source code required for e-CAM82_CUOAGX camera on the Jetson AGX Xavier™ development kit.

Table 3: Kernel Directories and its Descriptions

Directory	Description
e-CAM82_CUOAGX_JETSON_XAVIER_ORIN_L4T35.2.1_kernel.patch	Patch file for the default kernel, device tree and module for the Jetson AGX Xavier™/Orin™ that adds support for e-CAM82_CUOAGX.
e-CAM82_CUOAGX_JETSON_XAVIER_ORIN_L4T35.2.1_module.patch	
e-CAM82_CUOAGX_JETSON_XAVIER_ORIN_L4T35.2.1_2lane_dtb.patch	
e-CAM82_CUOAGX_JETSON_XAVIER_ORIN_L4T35.2.1_4lane_dtb.patch	
e-CAM82_CUOAGX_JETSON_XAVIER_AGX_L4T35.2.1_2lane_dtb.patch	
e-CAM82_CUOAGX_JETSON_XAVIER_AGX_L4T35.2.1_4lane_dtb.patch	

misc

The following table lists the directories containing the miscellaneous files that are required to support e-CAM82_CUOAGX on the Jetson Orin™/Xavier™ development kit.

Table 4: Rootfs Directories and its Descriptions

Directory	Description
camera_overrides_jetson-orin.isp	The overrides file tuned to meet the highest quality for e-CAM82_CUOAGX in Jetson Orin™.
camera_overrides_jetson-xavier.isp	The overrides file tuned to meet the highest quality for e-CAM82_CUOAGX in Jetson AGX Xavier™.
max-isp-vi-clks.sh	Helper shell script to run NVIDIA® VI and ISP blocks in full performance mode.

Glossary

CMOS: Complementary Metal Oxide Semiconductor.

DTB: Device Tree Blob.

FTP: File Transfer Protocol.

HCG: High Conversion Gain.

ISP: Image Signal Processor.

LCG: Low Conversion Gain.

MIPI: Mobile Industry Processor Interface.

Support

Contact Us

If you need any support on e-CAM82_CUOAGX product, please contact us using the Live Chat option available on our website - <https://www.e-consystems.com/>

Creating a Ticket

If you need to create a ticket for any type of issue, please visit the ticketing page on our website - <https://www.e-consystems.com/create-ticket.asp>

RMA

To know about our Return Material Authorization (RMA) policy, please visit the RMA Policy page on our website - <https://www.e-consystems.com/RMA-Policy.asp>

General Product Warranty Terms

To know about our General Product Warranty Terms, please visit the General Warranty Terms page on our website - <https://www.e-consystems.com/warranty.asp>

Revision History

Rev	Date	Description	Author
1.0	09-Nov-2022	Initial draft	Camera Dev Team
1.1	16-Nov-2022	Added support for Xavier	Camera Dev Team
1.2	22-Feb-2023	4-lane support	Camera Dev Team
1.3	14-Mar-2023	Updated L4T35.2.1 version	Camera Dev Team
